

# Say It Again

Scribe

We gonna get on down now  
take two, one time  
yea yea, ahuh

Do we gotta say it again  
ain't nothing gonna change  
what we got is locked down  
we run the game, that's right  
people wanna get on down, get down  
people wanna let loose, let loose  
'cos you know (Ya Know)  
that the beat is sick  
and you wanna get down with it  
thats right straight run in the game (full stop)

i eliminated the middle man  
the child king is growing up

like malcolm in the middle, man  
i gotta do this for my daughter and my little man  
so understand you can't fuck with the scribble man

everywhere i go got the rappers saying scribble, damn  
if anybody could do it, then scribble can  
went from the top to the bottom  
to the top again  
and there's no stopping him  
cos he's the one to check my studio tan, man  
i ain't seen the sun in five weeks  
five deep, rolling through the slums

If your wondering, where the music come from  
From my heart, this is love  
This is the reason i've been givin, Com'mon

'cos you know (Ya Know)

and you wanna get down with it  
thats right straight run in the game (full stop)

So sit down, watch close and observe now  
take notes from one of the dopest rappers you heard  
I'm so dope, kinda similiar to smokin that herb  
Get-you high, but too much you might choke on the words  
Please  
Stop frontin, like you taking the crown  
You really waitin around, so i'm in the town
