

I Am Monster

Scum of the Earth

Every single inch of me scream decisive hate
Bloody image of you, horror haunts my eyes
Blood lust, victim is your name
Drop dead, turn me on again

Pleasure, pain, lust and suffering
God of pain, scream for me blasphemy
Victimized, body altering
Lust and suffering

Deform the blade, victim 13
God of pain, scream for me agony
Terrorize, face up sodomy
Lust and suffering

I am the face of murder now
Blood in the place of the murdered now
I am the face of murder now
Buried and mine, I am monster now

Needles play your veins like the strings broken cherubs harp
Angels screaming in delight, faces inside out
Blood lust, victim is your name
Drop dead, turn me on again

Deform the blade, victim 13
God of pain, scream for me agony
Terrorize, face up sodomy
Lust and suffering

Pleasure, pain, lust and suffering
God of pain, scream for me blasphemy
Victimized, body altering
Lust and suffering

I am the face of murder now
Blood in the place of the murdered now
I am the face of murder now
Buried and mine, I am monster now

I am monster, I am monster

I am the face of murder now
Blood in the place of the murdered now
I am the face of murder now
Buried and mine, I am monster

I am the face of murder now
I am monster, I am monster
I am the face of murder now
I am monster, I am monster now
