

Blue Magic

SD

I want to feel that touch of your body
Up against my skin
Pull it closer let me touch it
Wanna taste it again
Girl I want you to do
Everything they wanted you to do
Turn around, bend it over, throw it back for me
Touch your toes, get low, do a split for me
You know, I like the way you work
Makin' them tips girl, makin' them tips girl
You know, I love watching you work
Workin' them hips girl, workin' them hips girl

The way your body works, girl it's like magic
Makin' it disappear
Oooh swear it just feels like magic
Blue Magic
And I'm addicted
(I want you, I need you, you keep on drivin me insane)
I'm so addicted
(Insane)
And I'm addicted
(I want you, I need you, you keep on drivin me insane)
I'm so addicted
(Insane)

I ain't gon' knock you I love what you do
Ahh, see them magic city lights ain't so lonely
And that liquor keep on flowin', flowin', flowin'
So them dollars I keep throwin', throwin', throwin'
Ohh, for you girl
Don't tell me you don't want all the attention
Cause for one night I'mma give it all to you
And I don't think I could forget just to mention
That I'm addicted, addicted

The way your body works, girl it's like magic
Makin' it disappear
Oooh swear it just feels like magic
Blue Magic
And I'm addicted
(I want you, I need you, you keep on drivin me insane)
I'm so addicted
(Insane)
And I'm addicted
(I want you, I need you, you keep on drivin me insane)
I'm so addicted
(Insane)

If it was you
I might do something crazy baby
If it was you
I might just want your body baby
Let's keep this shit in motion
Imagine sumpt exotic babe
Girl point me to your ocean
And let me swim I'm floating baby

I make you choose

The way your body works, girl it's like magic

Makin' it disappear

Oooh swear it just feels like magic

Blue Magic

And I'm addicted

(I want you, I need you, you keep on drivin me insane)
