Sometimes man you know, you got this energy to burn one man
This is that wavy shit right here nigga

These niggas ain't getting no money, money, money, nah
Bugs Bunny, I feel I'm running hundreds, hundreds up
Take somebody word, word, word, bruh
Try me you'll get burned, burned, burned up
These niggas ain't getting no money, money, money, nah

Take somebody word, word, word, bruh

Break rules, I'm getting my money, money, money up
Say tool, I keep it covered but it's screwed up
She know it ain't no running, running, pull her
Play broke but I keep hundreds, I can't fool ya
Big blunts of that pow wow, ohh shit

Disrespect that, ooh who knew bruh?
Play for money ooh I got huge ups
Think a nigga holy, now I got huge bucks
But not only this bitch holy, I got rude sluts
That pussy can't be touched, she might fool ya
You thinking that you chosen, you might lose bruh

These niggas ain't getting no money, money, money, nah

Take somebody word, word, word, bruh
Try me you'll get burned, burned, burned up

Pistol fully loaded, blunt fully loaded, cars fully loaded
I suggest you tote it
Here's where we blowing
Blunts surely going
Money seems to be growing very, very loyal
Mans in the club, hoes show me love
Drink where we going, big, now she showing
You can talk a lot, damn you annoying
Hope you wake up, mans in the morning
Slowly taking chances but Guwop said, "Just keep it moving."
She just want romance but romantic that's just her illusion
I could do some damage but just tell me is it too exclusive?
She got so much passion, girl what matter its how I seduce ya
We can take advantage
Girl sit back and feel my tongue run through ya
We can make it happen, let's do something, I got clues bruh
Our course was off like Pacman
Yeah I got hundreds running loose bruh
Feel like calling stacks, cause I got buddies, who gon sloose bruh?

These niggas ain't getting no money, money, money, nah
Bugs Bunny, I feel I'm running hundreds, hundreds up
Take somebody word, word, word, bruh
Try me you'll get burned, burned, burned up
These niggas ain't getting no money, money, money, nah
Bugs Bunny, I feel I'm running hundreds, hundreds up
Take somebody word, word, word, bruh

Try me you'll get burned, burned, burned up
