

Can't Handle Me

SD

These niggas they can't handle me, the trapper of the year

It's a squad thing baby so we all gonna volunteer
Get your money up you broke niggas on some amateur
I'm a God with some shooters but we still gonna chandelier
We assassins, you might just find your body in the river
I smoke ganja, posted on the gate you gotta kill me with some monsters
Boy you ain't gonna spray, you are vanilla

These niggas they can't handle me, go catch the holy ghost
These niggas they can't handle me, watch my money grow
These niggas they can't handle me, these guns are domino
These niggas they can't handle me, I swear them boys can't handle me
These niggas they can't handle me, go catch the holy ghost
These niggas they can't handle me, watch my money grow
