Work hard and deliver
Focus pay attention
We livin'
Yeah I just take consistent

Work hard with no limits
Click pote bout no limit
Remember nigga I came from the trenches
Can't blame me just for livin'
Now I'm right at only out to get it
So why ask for forgiveness
Take it dirt out with my shovel
Play in many can't be nothing better
So please don't stop my mission
I'm gentle you to careful
Casious boy to see us change the levels
And watch me switch demensios
Get rocky like coachella
Party like they drew the golden era
I see more in my vision
Lead by example
Pray don't be a down father it's sample

Yeah I just take consistent
Work hard and deliver
Focus pay attention
We livin'
Yeah I just take consistent
Movin as I replanning shit
Hoping that my vision three demensions
