She tote the knocks so I need her
Bad lil' bitch, throw it back, her name Brina
She tryna swipe with my pieces
Kick me a BOA, Chevy, or Visa
Wanna talk, so let's hop out the V
I'm on that block it's just me and Nina

Caught him lacking, he fast on his feet
I'm on that block, it's just me and my heater
Ooter ready, I pass him a beam
I'm steady trapping, no time for a eater
Cause I gotta get back to the breesh
Been outside, I gotta make it home
Put that shit to his heart, this new shit is chrome
Put that shit to his heart then shoot through his dome
Gotta move tact', cause they tapping my phone
That boy got hit, now we tapping our necks
Told bro, said "Won't never settle for less"
You could die with the rest
Said you smoking my bro, you better watch your tone
Where the bros at? I'm tryna bend
Feel like Sdot, I'm always on go
You could die for some pussy, get shot with your hoe
With a green beam, you could get shot out your glow
Rackz
