

# Know My Name

Sdot Go

(A Lau on the beat)  
Would you want me If I ain't have money?  
Would you want me if I ain't had a cent?  
(Yo, Lucas, ya heard?)  
Oh, woah, oh, woah  
(Ayo, Eli, what the fuck?)

Would you want me If I ain't have money?  
Would want me if I ain't had a cent?  
Can you tell me, how do you feel when I'm tryna sin  
Sayin' you love me, what does that mean?  
Can you expand? Like, girl, do you even know my name?  
Off White [?]  
But, I can't show mine, do you know why?  
Do I really try to let her go, bye (Know My Name)

Gettin' money, I like what she do  
Tryna stay bitches, you stayin' at home  
Why you keep yellin' so loud in my crib?  
Got me askin', like, can you just lower your tone?  
Like, how you don't know?  
Can you just show me your phone?  
Like, feel like you hot, it's just a question  
And you just annoy me the most  
Like, said she want money  
She said want flowers, I'm gettin' her both  
Like-like, I'm one of those  
Stay with for a minute, I'm gettin' her Fros  
Like, do you like when I kiss on your neck?  
Or when I'm outside after [?]  
She act boujee, can tell how she speak  
Why is so hard just to give me a link  
Oh, you sayin you gettin' a call  
But, when I'm around, your phone never go off  
Just want to know, would you send me a love letter  
If I was sittin' behind a wall  
Girl, would you ride 'til the day that we fall  
Would you do all the things I'm askin' your for?  
I just want to know is you stayin' with me  
Even if the problem is bigger or small  
You keep sayin' I cheated  
Who did I fuck? You think you know it all

Would you want me If I ain't have money?  
Would want me if I ain't had a cent?  
Can you tell me, how do you feel when I'm tryna sin  
Sayin' you love me, what does that mean?  
Can you expand? Like, girl, do you even know my name?  
Off White [?]  
But, I can't show mine, do you know why?  
Do I really try to let her go, bye (Know My Name)
