

On The Radar Freestyle (First Day Out)

Sdot Go

Grrah (Ayo, Eli, what the fuck?) grrah
Grrah-grrah boom

You my baby, like why would you lie?
I ain't expect that from you
Whole time you was tellin' a story
I really thought you was tellin' the truth
Said that I call you, "All these fuckin' names", like
I did not mean to be rude
Like, are you gonna be my boo?
Like, is you gon' ride 'til the day that we do?

Now you tryna bring up the past
I thought you had my heart, I notice it ain't last
You the only one that made me laugh
Like, get what you want, you don't ask
Said she wanna go and shop at Saks
Get her some drip, I like to see her brag
Made her feel like she don't need her dad

Ran up a bag, yeah I did it
I was born, had a habit of spinnin'
She keep on tellin' me, she wanna talk to me
But, I don't really wanna listen
Th-This bitch lied, she told me she didn't
She can't come to my door, I'm not gon' let her get in
Like, you was the one I was killin'
Thought you was real, ain't think it would get realer
Play wit' my body, I'm makin' a Triller
Like, run and I'm makin' a thriller
BenchK, I was never a sitter, worda bro, nigga
Laid in my bed, I think she wanna fuck
Like, I'm 'bout to get in her gut
After I fucked, she told me she in love
Said she love when I grab on her butt
You not my bitch, heard you a mutt
She let me beat it, I'm 'bout to go dumb
If you hold it down, I might give you my son

You my baby, like why would you lie?
I ain't expect that from you
Whole time you was tellin' a story
I really thought you was tellin' the truth
Said that I call you, "All these fuckin' names", like
