

Open Mic Freestyle

Sdot Go

(Aye, Nxxre)

Remember them days when I ain't have no pole
Finger keep itching, I was tryna-
Finger keep itching I was tryna show
Everybody I know how to throw
Had to get up and get it I was on my own
Don't need nobody I'm coming alone
I'm like Curry, ball like D. Rose
I don't gotta worry cause bro got his pole

Nigga-Nigga, word to bro
I can't wait till I see Michael Row
Like, when the fuck I got hopped by the Goat?
Only thing I remember when Mikey got poked
A-Act like y'all like know
I'm tryna make me a ghost
Fanned out, now y'all chilling with the O's
When I bend through, I bet I see DudeyLo
Nigga, MCFK
Them niggas know how we play
Night-time, broad day
Make it hot on that block, that shit was never safe
Tourists start ducking when I got the aim
D-DJ was ducking from Jay
089, that's where them niggas hang
Niggas ran in that building when they heard the bang
Hold on wait, I forgot
EK tried to run and he got shot
At Nate door, I know he heard me knock
Really asked them niggas if we made it hot
Let's get in the big car, cause we got the drop
You could come with your shooters I'm coming with mine
Jack, G, 9ine, 5ive, me
Nigga that's our starting five

Remember them days when I ain't have no pole
Finger keep itching, I was tryna-
Finger keep itching I was tryna show
Everybody I know how to throw
Had to get up and get it I was on my own
Don't need nobody I'm coming alone
I'm like Curry, ball like D. Rose
I don't gotta worry cause bro got his pole
