

Throw A Few

Sdot Go

Run this motherfucker up
(Do it again)
Graah-graah boom, nigga
Graah, graah-graah boom

Like how many times did I bend through the Two?
He think I'm playin', but I threw, like
Don't know how many I threw, like
Bro told me "I throw a few"
She throw it back, she makin' her shit move
She threw it right, so I give her my broom
Bet I up first, so don't be number two, like
Run into me, better boom

Listen to me, I go kuu
Bop with the beat and just get in my mood
Ron got shot, [?] too
Flockin' at me, that's somethin' I won't do
Push up? Nigga, I bet
Run down, see how many you catch
Notti, Dotty, both got left, like
Diddy got shot in his neck
I'm on the O tryna catch us some wreck
No V, take a trip with my steps
Push up on me, catch some metal or lead
She tryna line me, I left her on read
Like, why shoot yourself in your head
Like Edot, Ray, dead
He tried to run, caught a shot to the leg
DOAK, niggas flicked it on Kev
I was bending through that block
Pause, KT, Gutta, shot
Oh she a dancer, let her rock, like
I hope she don't fuck with the opps
I'm in the crib surrounded by some thots
They treeshin', givin' out bop
She want me to love her, I could not, like
You fuckin' the bros or you not?

Like how times did I bend through the Two?
He think I'm playin', but I threw, like
Don't know how many I threw, like
Bro told me "I throw a few"
She throw it back, she makin' her shit move
She threw it right, so I give her my broom
Bet I up first, so don't be number two, like
Run into me, better boom

Come here, come here (Graah-graah, boom)
Run into me, better boom
Ask about me, I go kuu, like
Yeah, yeah
Skee
Graah, graah-graah, boom
