

Heavenly War

Sea Girls

When I was 18
I started going out with the girl the boys used to shout about
And I'm still hung up on her
Left to the bottom of her stair

Although the lights gone out
I crave the shade, the taste of her mouth
So I hang on every word
Let go, come back down to earth

So what you wanna stay for? It's not a dance floor
You'll end up spinning in a heavenly war
What you wanna stay for? what? what you wanna stay for?

Oh when I was 18
I started going out with the girl the boys used to shout about
But my bed ain't built for two
Not just me and you

So what you wanna stay for? It's not a dance floor
You'll end up spinning in a heavenly war
What you wanna stay for? what?

But if I could I would
And if you want to, you should
And I could seize the night
Maybe you're still worth the fight

My cold heart, here's a key
That you can keep safe for me
You know where to find me
My cold heart, here's a key
That you can keep safe for me
You know where to find me

Oh what you wanna stay for? It's not a dance floor
You'll end up spinning in a heavenly war
What you wanna stay for? what? what you wanna stay for?
What you wanna stay for? what?
Oh if I could, I would
And if you want to, you should
And I could seize the night
Maybe you're still worth the fight
If it's ever gonna go my way
You'll be coming right back to my place
We've been here before, I want more
Let's get lost in this heavenly war

(And if I could, you should, you should, you should)
