

# Paracetamol Blues

Sea Girls

I pick you up from outpatients  
Your favourite radio station  
It doesn't have to be perfect  
I just want to feel homesick

If you put up, put up with me  
I'll put up, put up with you  
We say things we never mean  
Can you put up, put up with me?

You were friends with my girlfriend  
A couple of keys in the East End  
Fighting over minutiae  
And heavy petting on the poolside

If you put up, put up with me  
I'll put up, put up with you  
We say things we never mean  
Can you put up, put up with me?

I don't like myself, but maybe you do  
If you don't like yourself, I'll never stop doing it for you  
I don't like myself, but maybe you do  
If you don't like yourself, I can carry your paracetamol blues

Try to tell you I miss you  
You send a dirty picture  
I interrupt and I'm addicted  
And when you're tired, you're a dickhead if you

Put up, put up with me  
I'll put up, put up with you  
We say things we never mean  
Can you put up, put up with me?

I don't like myself, but maybe you do  
If you don't like yourself, I'll never stop doing it for you  
I don't like myself, but maybe you do  
If you don't like yourself, I can carry your paracetamol blues

You kind of love to get mortal  
I'm on the lime and soda  
You're like a beautiful portal  
In Wagamama's in Soho

I don't like myself, but maybe you do  
If you don't like yourself, I'll never stop doing it for you

If you don't like yourself, I can carry your paracetamol blues

Put up, put up with me  
You know I want to put up, put up with you now  
If you put up, put up with me  
And I really want to put up, put up with you now  
I'm very serious, I'd like to do it  
(Put up, put up with me)  
I really, really want to

(Put up, put up with you now)  
A couple of keys in the East End  
(Put up, put up with me)  
Put up, put up with me now
