

Sick

Sea Girls

I'm sick of being drunk
I'm sick of being sober
I'm sick of being in love
Sick of it being over
I'm sick of my timing
Always letting me down
I'm sick of your boyfriend
And his fucking around, oh

I'm sick of drugs
I'm sick of bad habits
I'm sick of good looks
Cos I don't have it, oh

I wish I was just a child
Mum and Dad, can you make me smile?
I'm gettin' sad
Oh, I wish I was just a child
Mum and Dad, can you make me smile?
It's getting bad

Cos I'm sick of my laptop
I'm always buying
I'm sick of the news
Someone's always dying
But before we die
We all have a purpose
Buy this now
Because you're worth it, oh

I wish I was just a child
Mum and Dad, can you make me smile?
I'm gettin' sad
Oh, I wish I was just a child
Mum and Dad, can you make me smile?
It's getting bad

I'm sick of TV
On a Sunday morning
I'm sick of your friends
They're all fucking boring
I'm sick of myself
I'm sick of The Beatles
I'm sick that I never asked
"How do you really feel?"

I wish I was just a child
Mom and Dad, can you make me smile?
I'm getting sad
Oh, I wish I was just a child
Mom and Dad, can you make me smile?
It's gettin' bad

I don't regret anything I've done
But I wish I was there for you a little more
I don't regret anything I've done
Can you accept that I was just young?

And I don't regret anything I've done
Oh, can you accept that I was just young?
