

# Here for You

Sea Wolf

In the morning  
In the morning there  
At the top of the stairs  
How I really want to feel for you  
There wasn't really more to do

Put your hand up  
Put your hand up here  
And measure to mine  
And see if you can come to me  
Or am I too hard to see?

See  
See

Watched your secret  
Watched your secrets from  
Outside of the room  
Where you thought that you were all alone  
Not knowing that I'm always home

I wanna touch you  
I wanna touch you there  
In the folds of your hair  
And show you that I'm here for you

And I will do what you need me to do

Hope you know I'm here for you  
Hope you know I'm here for you  
Hope you know I'm here for you  
Hope you know I'm here for you

Hope you know I'm here for you  
Hope you know I'm here for you  
Hope you know I'm here for you  
Hope you know I'm here for you

So I'm standing  
So I'm standing on  
The other side of the glass  
With nothing else to hide behind  
And I can see you on the other side

I'll be waiting  
I'll be waiting here  
Beating heart in my hand  
To show you that I'm here for you

I'm here for you

Hope you know I'm here for you  
Hope you know I'm hear for you  
Hope you know I'm here for you  
Hope you know I'm hear for you

Hope you know I'm hear for you

Hope you know I'm here for you  
Hope you know I'm hear for you  
Hope you know I'm hear for you
