

# Apparitions

Seabird

The ghost in my room wanted to scare me so badly  
The notion to move your head  
Doesn't work when you're stuck to the bed  
Oh doesn't work when you're stuck to the bed

And they all knew that I bought this house  
I paid with my own blood and sweat  
And who's gonna drive me out?  
Those apparitions in the corner I'll bet  
Those apparitions in the corner I'll bet

So bring it on

Bring it on  
Bring it on

And don't you think you can bring those kids in this  
house  
Don't walk away from me and don't put words in my mouth  
If you use that kind of language in here, out you go  
If you smoke that cigarette in here, out you go

Well you thought you could get away with it this time  
around  
Thought you could walk in at 4am without making a sound

Well we don't really care what they think about our  
stupid songs  
We just hope by the end that you'll all be singing along
