

I Will Talk

Seafood

Slow, slow yourself down
I will talk
Second's a minute too long
I will talk
It's very easy, I know
I will talk

You will listen
When the questions roll in

I just want you
To realize what's going on
Oh, beautiful truth
Tell me, love, is that what you want?

This low, it's something I've felt
For so long
I'll speak when it's all written down
In my head, worked out

Will you listen?
When the questions roll in

I just want you
To realize all I have done
Oh, the beautiful truth
Tell me, love, is that what you want?

Is that what you want?
Is that what you want?
Is that what you want?

I just want you
To realize what's going on
And this beautiful truth
Is it waiting? Waiting for you?
