

Be My Queen

Seafret

I was wondering have you ever been, have you ever been anything other
than, other than true, have you?
Never been good but I've never been better

I was wondering have you ever been anything anything other than you,
is that true?
We're not gonna be here forever

I don't want to stay here on my own
I don't want to let that body go

Be my queen, I'll be your king
We'll be rulers I'll give you everything
I'll be your king, you'll be my queen
Unbelievers get down on your knees
We can rule the world
So be my girl

I was wondering is there anything, have you ever done anything and ne
ver told anyone else but yourself?
Better slow down and hold it together

I was wondering have you ever done anything you never got it off of y
our chest?
Confess, or keep it in side and hide it forever

I know I won't make it on my own
Better slow down and hold it together
I don't want to let your body go

Be my queen, I'll be your king
We'll be rulers, I'll give you everything
I'll be your king, you'll be my queen
Unbelievers get down on your knees
We can rule the world
So be my girl

Take it all until there's nothing left
I'd call your name out with my last breath
In that moment when I feel your touch
Everything will turn to gold

Be my queen, I'll be your king
We'll be rulers, I'll give you everything
I'll be your king, you'll be my queen
Unbelievers get down on your knees
We can rule the world
So be my girl (be my girl)

Be my queen
Be my queen
Be my

Be my queen
