

Breathe

Seafret

Prove to me that you still feel it
Before I go start something new
No one knows what comes after this
But I, I always hoped that it was you
'Cause you're the one thing I believing
When I lose faith and all I do
Is paradise comes when I close my eyes.
It's true in the dark besides to you

Breathe, don't you let that heart beat for
No matter how far it goes, you'll always be where I belong

I get a feeling when you near me
I get a craving when you go
And getting clean was never easy
When the side of things so start to show

I have to breathe, I never held a heart before
No matter how far I'm thrown, you'll always be where I belong

I started I did not, fall I was crashing up
Why did she looking him like that
And I'm so sorry and I take it back
'Cause when you had it of for then we got enough
And I'm so sorry I take it back
I'm so sorry for the way I am

I have to breathe and never let the heart beat for
No matter how far it goes, you'll always be where I belong
You'll always be where I belong
