

Everlasting

Seafret

There ain't a thing that we can't work out
We've come too far to turn back now
It's like you've become a part of me

There's no one else that could own my heart
Without you I wouldn't know where to start
You're the only thing I need

Meet me by the ocean
Begging you to hold on
Never accept that
We're falling apart

Right before you let go
Just before you say no
Let's just rewind and go back to the start

I'm always gonna need your love
I'll never let you fall behind
It's everlasting
It's shining so bright

I hope I'll always be enough
I try to give you all my time
You're standing there silent
Don't turn off the light
I'm always gonna need your love

Sometimes we let it go too far
We're face to face but it feels we're miles apart
Water under the bridge runs so deep

There's no replacing the love we found
If we crashland into solid ground
We can put it back together piece by piece

Running through the ocean
Begging you to hold on
Never accept that
We're falling apart

I'm always gonna need your love
I'll never let you fall behind
It's everlasting
It's shining so bright

I hope I'll always be enough
I try to give you all my time
You're standing there silent
Don't turn off the light

The only one that could own my heart
Don't leave me out here in the dark
Take a second and we can start again
'Cause to start again is too hard

Keep praying for a miracle

No I'm never gonna let you go
I'm always gonna need your love
I'm always gonna need your love

Meet me by the ocean
Tell me that you'll hold on
Never accept that
We're falling apart

I'm always gonna need your love
I'll never let you fall behind
It's everlasting
It's shining so bright

I hope I'll always be enough
I try to give you all my time
You're standing there silent
Don't turn off the light
I'm always gonna need your love

I'm always gonna need your love
