

Overtime

Seafret

See, when I found you
All the doors were locked
Know I was aiming to turn that round
Take the weight off you
Push away the rocks
'Cause they will only slow you down
I'll find a space in your heart
And maybe I could come with you
I could be more than a lover,
More than a lover to you

Jumped in the water
Thinking you'd be safe
I can't stand to watch you fall
We don't plan for disaster
We don't plan for earthquakes
I wonder if you think at all

I left my heart to decide
And lately I've been jumping too
You know I'm more than a lover,
More than a lover to you

Down in this heart of mine
Love's working overtime
I'm bound to fall
For you I'd lose it all
Don't you know
Let's take it slow

Stick to the path
And follow your own road
I just wanna be where you are
Stay by my side
Do you really have to go
And I'll keep you safe from harm

I'll find a space in your heart
And maybe I could come with you
I could be more than a lover
More than a lover to you

Down in this heart of mine
Love's working overtime
I'm bound to fall
For you I'd lose it all
Don't you know
Let's take it slow
Let's take it slow
