

# Solid Gold

Seafret

I wanna run and leave it all behind  
But I won't stop until you're by my side  
You'd know I'd do anything you want me to

Show me the mountain that I have to climb  
Don't keep me waiting on the other side  
I wanna be the only one that's made for you

Wherever you go  
I just want you to know  
You shine like gold  
Solid gold

For you there's nothing I won't do, it's true  
I hope you know  
I'd beg steal and borrow

Darling, I was lost before I found you  
Let's start over tonight  
I don't ever want to be without you  
I need you in my life

You light the sky up  
You take my higher  
Higher than I ever knew  
So tell me now what I'm suppose to do  
To have somebody like you

To have somebody like you

You're shining brighter than the rising sun  
And love has always been a loaded gun  
But I, I know together we could be so bulletproof

Wherever you go  
I just want you to know  
You shine like gold  
Solid gold

For you there's nothing I won't do, it's true  
I hope you know  
I'd beg steal and borrow

Darling, I was lost before I found you  
Let's start over tonight  
I don't ever want to be without you  
I need you in my life

You light the sky up  
You take me higher  
Higher than I ever knew  
So tell me now what I'm suppose to do  
To have somebody like you

The stars turn to sunlight  
And the days fade away  
I pray they will align

And you'll see it all my way

Beg, steal and borrow

Darling, I was lost before I found you  
Let's start over tonight  
I don't ever want to be without you  
I need you in my life

You light the sky up  
You take my higher  
Higher than I ever knew  
So tell me now what I'm suppose have to do  
'Cause there's nobody like you
