

There's a Light

Seafret

Love is my weakness

Cruel how could it be so mean
Mean to you and me
I've been a witness to a man giving up his dreams
Falling through the darkness and trying to find his feet
Saying love is my weakness, but that's how I choose to be
That's how I choose to be

There's a light, there's a light at the end of the road
Let it shine, let it shine
Guide you into the shore
It's all right, it's all right
You'll be mine I'll be yours
You're the light at the end of the road

Love is my weakness

Yes, I do believe
That what will be will be
It's hard for us to confess when things have reached their peak
Born with the courage to get through what's to come
Knowing we'll be together underneath the burning sun
Underneath the burning sun

There's a light, there's a light at the end of the road
Let it shine, let it shine
Guide you into the shore
It's all right, it's all right
You'll be mine I'll be yours
You're the light at the end of the road

Na, na, na, na, na, na
Na, na, na, na, na, na
Na, na, na, na, na, na
Na, na, na, na, na, na
(love is my weakness)
Na, na, na, na, na, na
(love is my weakness)
Na, na, na, na, na, na
(love is my weakness)

There's a light, there's a light at the end of the road
Let it shine, let it shine
Guide you into the shore
It's all right, it's all right
You'll be mine I'll be yours
You're the light at the end of the road

There's a light, there's a light at the end of the road
Let it shine, let it shine
Guide you into the shore
It's all right, it's all right
You'll be mine I'll be yours
You're the light at the end of the road

There's a light, there's a light at the end of the road

(na, na, na, na, na, na)
Let it shine, let it shine
(na, na, na, na, na, na)
Guide you into the shore
(na, na, na, na, na, na)
(it's all right, it's all right)
(na, na, na, na, na, na)
You'll be mine I'll be yours
(na, na, na, na, na, na)
You're the light at the end of the road

Love is my weakness
Love is my weakness
But that's how I choose to be
