

## Still Love Remains

Seal

How will I stand  
If you turn out the light  
That shines over me

That shines over me

And how will I live  
If you take all the give  
That you have for me

That you have for me

Without so madly  
Without so fast

Yet still we remain

How will I love  
If you take all the life  
From out of me

Right from out of me

Tell me how will I live  
If you take all the give  
That you give to me

We burned so brightly  
Love so fast

Yet still we remain.....  
main.....

Ohhhh

'Cause we'll live  
And we give  
Today.....  
ay.....

I.... ye..ah

But dontcha know

You know  
You know  
You know  
I know  
You know

You're nothing I... yeah

Now dontcha know  
You know  
You know  
You know  
I know

You know

You're nothing I... yeah...

Now dontcha know

You know

You know

You know

I know

You know

Tell me how will I live

With anyone but you

Babe

Anyone but you babe

With anyone but you

With anyone but you

With anyone but you
