

# Up In My Heart

Sean Garrett

Girl it's obvious ya body wanna do something to me  
And girl it's obvious I'm tryna get ya over here with me  
Girl I won't play with ya head I wanna get up in ya heart  
Now you wondering just why I like to wear a wife beater  
Why I wear a wife beater  
Why I  
I like to beat her  
When I see her  
She just like the way that nigga sean treat her  
I don't hit her with no fist  
Shawty you know how I feel  
She say go deep  
I go deeper  
I don't preech  
I just please her  
If you know women like I know women  
You better get up in em  
Make em raise up they antenars  
Better know just where to kiss em  
She just might say hold up stop  
And I be like uh are you for real?

Girl it's obvious ya body wanna do something to me  
And girl it's obvious I'm tryna get ya over here with me  
Girl I won't play with ya head I wanna get up in ya heart  
She loves me  
She loves you not  
Cause I got what you do not got  
I let her shop  
Until she drop  
And when she drop  
I get on top  
Burr burr  
I call her mother nature  
She call me j frost or call me Gucci Mane the glacier  
Baby what's yo zodiac  
Pisces?  
I could roll with that  
I'm rushing through her veins  
It's an attack on her cardiac  
Red diamonds in the club  
Ace of spade from the start  
And since I'm the king of kings  
She could be my queen of hearts

Girl it's obvious ya body wanna do something to me  
And girl it's obvious I'm tryna get ya over here with me  
Girl I won't play with ya head I wanna get up in ya heart  
Yuppp  
I'm still hard in my black tee  
She sleeping in my black tee  
And under it no panties  
But she ain't got a? in it  
But money in the pantry  
When coming around she classy  
But when they leave she nasty

You gotta grip on the handle bars with no glove on  
And you niggas wonder why you can't keep ya girl home  
(gucci- yup yup) young pimping still kickin that scene  
Player shit while I'm giving ya chick this real love

Girl it's obvious ya body wanna do something to me  
And girl it's obvious I'm tryna get ya over here with me  
Girl I won't play with ya head I wanna get up in ya heart  
Baby he thought I was ametur  
Told him next time  
He play with your heart  
I was kickin yo ass  
Now I'm kickin up  
Girl you need attention  
And trust I pay attention  
One thing you ain't been getting is love  
And I'm a love yaaaa

Girl it's obvious ya body wanna do something to me  
And girl it's obvious I'm tryna get ya over here with me  
Girl I won't play with ya head I wanna get up in ya heart [x4]
