

Angels

Sean Kingston

See my heart is inflated, it's leaking slowly
I got skeletons for homies
Since ah jit at the crib, mi fight like Ali
So mek me kill em with di jab kill em with it kill em with it
Hoping you find God be alright
Hoping you Allah be alright
Hourglass no help ain't no signs can help
Got me talking to myself (Got myself)
I've been seeking answers ain't nobody can help
Have fi get myself together have dis love forever
Leader of the wolfpack yeah yeah yeah

I say hit a lil play den we dip dip
Bad little mama in the V.I.P (VIP)
We be on 10 never slip slip
Fi wi lifestyle so lavish ish (I say)
House pon mi neck 2 kilos kilos
ZA got me flying like an eagle eagle
New double R see the angels angels
Sail across the world like the Beatles Beatles

Me and you can do it one by one, you know it's one teach one
Broken ears, gunshots, sirens another
Pray that we leave the ghetto mon
Private school, candid school, rich school, pray for all the li
ttle ones
Seek and you will find the truth it will define, no one can des
cribe, trust
Death to the dream mi nuh hear nobody
Mi nuh hear nobody

I say hit a lil play den we dip dip
Bad little mama in the V.I.P (VIP)
We be on 10 never slip slip
Fi wi lifestyle so lavish ish (I say)
House pon mi neck 2 kilos kilos
ZA got me flying likr an eagle eagle
New double R see the angels angels
Sail across the world like the Beatles Beatles
