

Ocean Drive

Sean Kingston

Come, gal, let me show you
I know love is blind
Promise I won't hurt you
Ain't that other guy
We can slide in an old school
Ride down Ocean Drive
No, I'm not what you're used to
But I'm someone you gon' like

Girl, I
Can see you been through some things
Let's take a ride
In a drop top switching four lanes
Oh why
Ya heart ain't been the same
No, I won't bring ya pain
I will never change

Oh, I
I can see you've been through the pain
Oh, I
I won't let you fall for it again
Oh, I
I know you need a real nigga that's in your life
Tired of the games and you're tired of the lies
Oh I, oh I, I-I-I
Mi give you love give you love when di right time come
Nuff a dem Ah try talk but dem don't know us
Di only one I need and the one I trust (I trust)

Don't tell me you live in Beverly Hills
'Cause it's a drive
I was thinking maybe we could slide

Out of your way
I'll do anything you say
Baby we can vibe, don't go out of your way
Don't go out of your way
I just wanna keep you safe

No lie
I can't even describe
What I'm feeling behind ya
You know love is blind so take your time
Follow me

Come, gal, let me show you
I know love is blind
Promise I won't hurt you
Ain't that other guy
We can slide in an old school
Ride down Ocean Drive
