

# Borrowed Time

Sean Paul

Tick, tick, tick, tock, tock pon di stop clock  
An yuh know seh di badness nah drop  
Linkin' up wid mi jump off daily  
Is enough time wi haffi move shady  
Fi di hot wuk, fi di top slap  
Fi di hour weh wi got weh wi nah stop  
Turn it up so wi haffi get faded  
Burn it up, baby girl, get naked

Said I'm in trouble because what you does with your body  
No flaws, no flaws, no flaws  
'Cause, girl, I'm lovin' the way that you're movin' your body  
No draws, no draws, no draws

Alright, girl, this love has doomed us by design  
Because we're here on borrowed time  
(Because we're here on borrowed time)  
'Cause I'm not yours and you're not mine  
Seems like we're here on borrowed time  
(We're here on borrowed time)  
We both see love, but we're both blind  
And it's never satisfyin' (Never satisfyin')  
I wish we never crossed the line  
We live on borrowed time (We live on borrowed time)

Like I burn this, gyal yuh hot suh  
Spit fire from di front to di back  
So dangerous, my girl, you're so bad  
So mainly 'cause you make me guh mad suh  
Suh mi chat suh, like mi glad suh  
But really mi know seh mi not insane  
It's us to keep this whole game up  
Game is up, but we're living in lust

Said I'm in trouble because what you does with your body  
No flaws, no flaws, no flaws  
'Cause, girl, I'm lovin' the way that you're movin' your body  
No draws, no draws, no draws

Alright, girl, this love has doomed us by design  
Because we're here on borrowed time  
(Because we're here on borrowed time)  
'Cause I'm not yours and you're not mine  
Seems like we're here on borrowed time  
(We're here on borrowed time)  
We both see love, but we're both blind  
And it's never satisfyin' (Never satisfyin')  
I wish we never crossed the line  
We live on borrowed time (We live on borrowed time)

We tek first place in the heartbreak race  
And we make mistakes, we don't got no brakes  
Baby, you win my bet, hundred percent  
Full speed ahead, we don't got no brakes, baby

Alright, girl, this love has doomed us by design  
Because we're here on borrowed time

(Because we're here on borrowed time)  
'Cause I'm not yours and you're not mine  
Seems like we're here on borrowed time  
(We're here on borrowed time)  
We both see love, but we're both blind  
And it's never satisfyin' (Never satisfyin')  
I wish we never crossed the line  
We live on borrowed time (We live on borrowed time)
