Sean Paul

Girl listen keen you are the queen of mi dream
Weh ya mean, body clean bring it come to me
Ready when you ready anytime you need
Mi nah gon' leave you lonely, mi tell dem
Girl, if you tell me where the party's at
I know how it go when you bring it, baby
Lovin' how your likkle body set
I need you to leave me to ecstasy, yeah
I don't even think you need a reason
Lookin' like you been lookin' this all evening?
Girl, tell me where the party's at
I can't ever forget when you bring it, baby (Biddy-bang-bang)

Oh girl, make we touch the sky-y (Woo,-hoo)
I'm ready to give you the fi-re (Hah)
All if you give me inna the night, yeah (uzeet!)
Oh-oh, oh-oh (I'm sayin')
Know, girl, you are my desire (Babygirl)
And I want you to give me your tr-y
I can make you fly higher
Oh-oh, oh-oh

Girl listen keen you are the queen of mi dream
Weh ya mean, body clean bring it come to me
Ready when you ready anytime you need
Mi nah gon' leave you lonely, mi tell dem

How long you gon' keep me waitin'?
Don't tell me that your love is takin'
Girl, that you leave my heart breaking
Oh-oh, oh-oh (Come on, girl)
Girl, don't leave me hangin' hopin'
And if you want it, we can take it slow then
As long as you leave it open
Oh-oh, oh-oh

Girl listen keen you are the queen of mi dream
Weh ya mean, body clean bring it come to me
Ready when you ready anytime you need
Mi nah gon' leave you lonely, mi tell dem
