

Buss a Bubble

Sean Paul

She love di duty rock, yeah yeah
She wan fi get it nonstop, I say
She love di duty rock, mi ready, yeah yeah

I was born to give you di pleasure
I was born to give you di pain
Give you di sunshine fall and the rain
Mi buss it up and make yo call out mi name
Can't complain when you get di Sugarcane

So buss a bubble fi mi, cause trouble fi mi
Split down pon di floor, pon di double fi mi
Shake it shake it girl, wiggle, wobble fi me
Gyal if you muggle fi mi, gyal if you muggle fi mi

Can hear dat she feel it hot, she feel it hot, she feel it hot
She love di vibe, she seh it tuff like a block
She seh it fit tight, just like a sock
She keep bringing it back cau she love di duty rock
Di duty rock non stop, give her di comfort
Ever fi love di talk, mi ready fi give yo couple up
Every minute of di clock, tic a toc, tic a toc
She call mi pon mi phone cause she can't get enough

So buss a bubble fi mi, cause trouble fi mi
