High like the trees when we do it (Yo, yo)
Oh na na

Fit likkle miss, so yuh clothes dem fit on
Built fi hot-steppin', mi lens dem stick on
It's ten of ten, perfect condition
Gwan, mash up heads, get di recognition
Celebrate, we nuh wait fi permission
Get wid it, girl, can you handle di mission?
It's about time, follow di intuition
Gwan, balance, girl, get it inna repetition

Girl, we at the party
I feel your body
Let's get it started
No time to play
Girl, lead the way
Biddabangbangbang, yow!
We guh turn it up
Yuh dun know what's up
We gon burn it up
How much can you take? (Biddabangbang)
Girl, let's escape
Strike ignition

They're gonna see how we do it (Okay)
They're gonna pree how we do it alright
They'll be saying "my, my, my! oh my!" (Biddabangbang)
Keep 'em saying "my, my, my! oh my!"
They won't believe how we do it
Make enemies when we do it all night
They'll be saying "my, my, my! oh my!" (So)
Keep 'em saying "my, my, my! oh my!" (Ha!)

Tell me you around tonight (Ah!)
'Cause I'm down tonight
No crowd tonight
Just you and I
And I believe the hype (You better)
And I'm down for life
'Cause you're mine alright
Oh my! (Ha!)

See dem flippin', girl, when you dippin'
Big sound ah kickin', buss dem head drippin'
And we nuh watch ah weh dem talk and lippin'
Top shelf liquor, yuh dun know seh we sippin'
Hot whippin', big life we're livin'
Cut from di scene, next scene skinny-dippin'
More women, we keep on winnin'
Mi tell yuh dis again, not one fuck we givin'

Girl, we at the party
I feel your body
Let's get it started
No time to play
Girl, lead the way
Biddabangbangbang, yow!
We guh turn it up
Yuh dun know what's up
We gon burn it up
How much can you take? (Biddabangbang)
Girl, let's escape
Strike ignition

They know they can't fuck with this, fuck with this
We rollin' like a love interest, a hug, a kiss
Nah-ah-ah-ah, baby (See that)

They're gonna see how we do it (Okay)
They're gonna pree how we do it alright
They'll be saying "my, my, my! oh my!" (Biddabangbang)
Keep 'em saying "my, my, my! oh my!" (Hey)

Make enemies when we do it all night
They'll be saying "my, my, my! oh my!" (So)
Keep 'em saying "my, my, my! oh my!"

'Cause I can't wait (Huh!)
To get you home tonight
To get you home tonight

To get you home tonight
No, they won't put our fire out, fire out

They're gonna see how we do it
They're gonna pree how we do it alright
They'll be saying "my, my, my! oh my!"
Keep 'em saying "my, my, my! oh my!"
