

Move Your Body

Sean Paul

Bina aankhen jhapkaye dekhun tujhko bas
Teri kamar par mera focus
Kare kya prove aise karke tu move
Aake itna bata de baby mujhko
Bas bas bas baby

Aur na hota hai sabar
Mujhko bana le tu apna lover
Pucho na dobara baby kare jo ishara
Tujhe leke chalunga sidha apne ghar

Na na na baby aise na tu hass
Ho jayegi dikkat gayi jo tu fass
Naam mera Badshah
Naam badal diyo mera baby
Jo na karadi teri bas

Move your body, aage piche
Move your body, upar niche
Move your body, daayen baayen
Move your body, aaye haye
Move your body, aaye haye
Move your body, aaye haye
Move your body body.. move your body

Tapp tapp ke hai sweater
Sari ki sari baby hogayi tu wet
Idhar aa nakhre na dikha
Tujhko nahi pata
Baby whataya you gonna get get... get low baby
Uh! mind karde blow baby
Aur hila thoda slow baby
Uh! jaaye na mujhe kuch ho baby

Nah! saare munde kehnde fire fire
Temperature getting higher higher
Saare munde kehnde fire fire
Temperature getting higher higher
DJ Shadow give the fire fire
Temperature getting higher higher
Seal Paul get the fire fire
Temperature getting higher higher

Move your body...
