

# Protect Me

Sean Paul

Every action bring a reaction  
Every action bring reaction  
Every action bring a reaction  
Every action... action, action

Lord protect me from my enemies  
The more they fight I get stronger  
I say a prayer for my betrayer  
Me haffi control my anger (Every action)

Lord protect me from my enemies (Every action)  
They make the journey much longer  
I say a prayer for my betrayer  
They can't put me under

What mi telling you say?  
They don't want see we go nowhere  
Dem a plot, dem a plan and mi see it so clear  
I swear, they want see we livin' in fear  
Every step weh me take mi haffi draw on 2 queer  
Shift gear pon dem and dem try stop that  
All di plans weh we make dem try block that  
Prosperity weh mi a see dem can't stop that  
Dem a try fly di gate, mi get it lock back

When me blaze a eternal fire  
Me a follow the teachings of the heavenly messiah  
Solid like rock stone  
But me heart no cold  
Lord protect me from enemy  
The more they fight I get stronger  
I say a prayer from ya betray us  
Me haffi control my anger  
Lord protect me from enemy  
They make me journey much longer  
I say a prayer from ya betray us  
Me haffi control my anger

All days of we life we praisin' jah  
My faith, my focus stays in jah  
We a burn Indica we brain stays in tact  
What I'm sayin is jack wisdom we nuh lack  
We nuh lame, we nuh wuk, we nuh play all that  
Full jackal pon track dem a look fi we drop  
Dem a look fi we flop, dem a launch and attack  
We a tell dem we ain't goin' out like that  
Stop that!

When me blaze up it turn up the fire  
Me a follow the teacher of the heavily messiah  
So let  
Lord protect me from enemy  
The more they fight I get stronger  
I say a prayer from ya betray us  
Me haffi control my anger  
Lord protect me from enemy  
They make me journey much longer

I say a prayer from ya betray us  
Me haffi control my anger

Bad man wann' see we fall, not at all  
Keep we eyes on the prize that's all  
No matter what them say we keep driving and we keep striving and staying ali  
ve you know

Them would a love it if you fail, go a jail  
Get lock up and nah get no bail  
No matter what them doing we keep driving an we keep striving an staying ali  
ve you know
