Right Stuff

Sean Paul

From you know say you want me
Pick up the phone and call me
Give me the pre, make me know from morning
Nothing else can calm me make me know from early

Women carry the right stuff
I'm a give you the right touch
You loving weh me know say me worth living
So turn up the lights up when the night so hype up
So from me see you, you how sip up the tight up gin
How you mean burst a scene
Girl I want you fi listen me keen
How you mean, put to extreme
Make you feel like you're living a dream

Girl we are talking it, talking it (all night long)
Take you to the topping it (and don't wrong)
Steadily we rocking it (all night long)
And don't wrong girl you singing my song
All twenty four hours girl (all night long)
Giving you the power girl (and don't wrong)
The bed wet up like shower girl (all night long)
And don't wrong, you fi singing my song girl

Hotter hot girl see you get you topa
When me apply the pressure
You call me the dappa, call me the dappa
Call me the rocker, cause mi tuff like a stone
I'm a deal with matter, she come from Cali
So she cause me cut up the things
Hot knife true butter, me and her lock down
Stam shotter, listen weh me utter

Women carry the right stuff
I'm a give you the right touch
Tell you loving weh me know say me worth living
So turn up the lights up when the night so hype up
So from me see you, you how sip up the tight up gin
How you mean burst a scene
Girl I want you fi listen me keen
How you mean, put to extreme
Make you feel like you're living a dream

Girl we are talking it, talking it (all night long)
Take you to the topping it (and don't wrong)
Steadily we rocking it (all night long)
And don't wrong girl you singing my song
All twenty four hours girl (all night long)
Giving you the power girl (and don't wrong)
The bed wet up like shower girl (all night long)
And don't wrong, you fi singing my song girl

All night we are line it
We up front and personal
Girl so you are like it
All night you are whine it
Give me the timing time it

Tiki talk it and grind it
The real spot me you will find it
When me push it in a the gears
Rev it out and drive it
Your love letter me will sign it
My girl just co-sign it

Women carry the right stuff
I'm a give you the right touch
You loving weh me know say me worth living
So turn up the lights up when the night so hype up
So from me see you, you how sip up the tight up gin
How you mean burst a scene
