

Waya Waya

Sean Paul

Ayo! (Waya Waya)
Music is freedom (Waya Waya)
Sean Paul 'longside Tal

Dans tous les pays du monde
Même quand la colère gronde
Il y a toujours des gens qui s'élèvent
Dans les tribus, les capitales
Que le tempo soit pop ou tribal
Il n'y a jamais de différence
On dit ce que l'on pense

Take your time, close your eyes
Better keep the song as your friend
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up
Près d'ici, loin de là
Il y a des gens qui portent nos joies
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up

Tell them say music is life
Remember life is music
Mad people vibes
And we chant we us it
To build connection
And we never will lose it
Even in yard
'Nuff love we're bootsin'
Inna this life
Trouble ever be looming
If you face it alone it
It can seem so dooming
Jammin' and we come
Together we grooving
Keep positivity flowers them blooming!

Take your time, close your eyes
Better keep the song as your friend
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up
Près d'ici, loin de là
Il y a des gens qui portent nos joies
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up

Là-bas, là-bas
De l'Afrique aux Amériques
Tout près de là
Il y a toujours de la musique

Every corner we a take it to the world
Take it and spread it to the world

Là-bas, là-bas
Il n'y a pas de silence
On a le droit

De chanter nos différences

Every corner we a take it to the world
Take it and spread it to the world

Take your time, close your eyes
Better keep the song as your friend
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up
Près d'ici, loin de là
Il y a des gens qui portent nos joies
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up

Take your time, close your eyes
Better keep the song as your friend
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up
Près d'ici, loin de là
Il y a des gens qui portent nos joies
We livin' it up we not slippiin' it up
We livin' it up we not givin' it up
