Uncivilized acts from a civilized cat
Knowledge my wisdom

Who flow like legends are supposed to flow?
Big beard like Al-Qaeda, I'm supposed to blow
King Midas, everything I touch supposed to go
At least gold, maybe platinum if I roast it slow
You are tuned in to the winners and the winner hit the Aspens
We don't take our women to the Poconos
Now I get dough from rap, before I used to hold the coke
Duck the cops bob and weave, Ali rope-a-dope
No don't lease cars you could hold the note
We premium I'm like a medium how I control the ghost
It's very rarely that we prefer to boast
My rap songs got me plush homes and motor boats
New Rothschild got it locked, we control the books
Hold it down for Sean P, he control the crooks
You my muslim brother, and my other brother
Like my mother's son, see you in heaven brother
