

Georgia

Sean Stemaly

I could still see you dancin' on River Street
Your heels and hand to a cover band
In your bare feet
Sundress and sun kissed skin
One look, you did me in
I can't forget those Savannah nights
No matter how hard I try 'cause

I got exes still in Texas
A couple girls that I don't mess with
You're the reason I ain't seein'
California girls when I'm dreamin'
I've walked to Memphis a night or two
I spent my last dime callin' Baton Rouge
But even after all this time, I still got Georgia on my mind

We spent a week making promises we couldn't keep
And every night, we were actin' like
I didn't have to leave
Spanish moss and river walks
Midnight to morning talks
Even though it's been so long
There's just no movin' on 'cause

I got exes still in Texas
A couple girls that I don't mess with
You're the reason I ain't seein'
California girls when I'm dreamin'
I've walked to Memphis a night or two
I spent my last dime callin' Baton Rouge
But even after all this time, I still got Georgia on my mind
I still got Georgia on my mind

I got exes still in Texas
A couple girls that I don't mess with
You're the reason I ain't seein'
California girls when I'm dreamin'
I've walked to Memphis a night or two
I spent my last dime callin' Baton Rouge
But even after all this time, I still got Georgia on my mind
I still got Georgia on my mind
