

I'll Be Damned

Sean Stemaly

Yeah I heard it through the county line grape vine
That you and him had a bad fight last night
Y'all might be calling it quitting time
You're home all alone tonight
And I don't wanna jump gun
But if you need a heartbreak distraction
I'm a little less talk and more action
And girl I know a good thing when I see one
You and me could be one
If you want a sure thing shoulder you can lean on

I'll be damned if I don't drive right
To your house right now get to picking you up yeah
I'll be damned if don't drop the tailgate down
Way outta town in this 3/4 ton
Get you sipping on a fifth of fire
Get you gripping like these 35s
All night and I
Don't wanna go and miss another minute with you
And baby I'll be damned if I do
I'll be damned I'll be damned I'll be damned if I do
Yeah baby I'll be damned if I do

Yeah I'd be lying if I said I felt bad about it
Every time we talk we always seem to dance around it
It might make this ole boy seem selfish
But I can't help it
Ain't never fell for nothin' till I felt this

I'll be damned if I don't drive right
To your house right now get to picking you up yeah
I'll be damned if don't drop the tailgate down
Way outta town in this 3/4 ton
Get you sipping on a fifth of fire
Get you gripping like these 35s
All night and I
Don't wanna go and miss another minute with you
And baby I'll be damned if I do
I'll be damned I'll be damned I'll be damned if I do
Yeah baby I'll be damned if I do

Cause girl I know a good thing when I see one
It hard to see you and me could be one

And I'll be damned if I don't drive right
To your house right now get to picking you up yeah
I'll be damned if don't drop the tailgate down
Way outta town in this 3/4 ton
Get you sipping on a fifth of fire
Get you gripping like these 35s
All night and I
Don't wanna go and miss another minute with you
And baby I'll be damned if I do
I'll be damned I'll be damned I'll be damned if I do
Yeah baby I'll be damned if I do

I'll be damned I'll be damned I'll be damned if I do

Yeah baby I'll be damned if I do yeah
