

# Lonely Late Night Last Call

Sean Stemaly

2 shots in on a Tuesday night  
A long drag off a Marlboro Light  
Anything to get you off my mind  
Ever since we cut it off  
But 3 AM when the lights come on  
I can't help but get on my phone  
Dial you up hoping you're alone  
'Cause I don't wanna go home

This is a lonely late-night last call  
I wake up next to you and blame it on the alcohol  
When I get to drinkin' and thinkin' about it all  
I give you a lonely late-night last call

Ain't it funny how things don't work out  
But they find a way to come back around  
When I'm all messed up and I miss the sound of your voice

This is a lonely late-night last call  
I wake up next to you and blame it on the alcohol  
When I get to drinkin' and thinkin' about it all  
I give you a lonely late-night last call  
Lonely lonely lonely lonely lonely last call, girl  
Lonely lonely lonely lonely lonely last call yeah yeah

This is a lonely late-night last call  
I wake up next to you and blame it on the alcohol  
When I get to drinkin' and thinkin' about it all  
I give you a lonely late-night last call  
Lonely lonely lonely lonely lonely last call, girl  
Lonely lonely lonely lonely lonely last call  
Lonely lonely lonely lonely lonely last call, girl  
Lonely lonely lonely lonely lonely last call yeah yeah
