

River Road

Sean Stemaly

We some river bottom rednecks
A little wreckless
Tear shit up, get stuck but we could care less
We sippin' on peach
Granddaddy's recipe
It's BYOB in BFE
There ain't a y'all come back or a welcome sign
But y'all can come by any Friday night
Might not be heaven, but it ain't far from it
Got a cold Busch light with your name on it

Drop it on in to 4 wheel drive
Slingin' up mud on a midnight ride
Find pull off spot out by the water
All my rowdy friends are tying on tonight
Light a drift wood fire with some gasoline
Alpines crankin' that John Deere Green
On the edge of Kentuckiana fields of gold
That Oh-hi-O river road

Ridin' 2500s on American Forces
A little black smoke rollin' out 600 horses
A couple down home dimes hopping up in the cab
They say they sure like it when I crank it like that

Drop it on in to 4 wheel drive
Slingin' up mud on a midnight ride
Find pull off spot out by the water
All my rowdy friends are tying on tonight
Light a drift wood fire with some gasoline
Alpines crankin' that John Deere Green
On the edge of Kentuckiana fields of gold
That Oh-hi-O river road
That Oh-hi-O river road

There ain't a y'all come back or a welcome sign
But y'all can come by any Friday night
Might not be heaven but it ain't far from it
Got a cold Busch light with your name on it

Drop it on in to 4 wheel drive
Slingin' up mud on a midnight ride
Find pull off spot out by the water
All my rowdy friends are tying on tonight
Light a drift wood fire with some gasoline
Alpines crankin' that John Deere Green
On the edge of Kentuckiana fields of gold
That Oh-hi-O river road
That Oh-hi-O river road
That Oh-hi-O river road yeah
