

# Speaking My Language

Sean Stemaly

Used to be when we first hit it off  
We talked a little different  
I said ain't and you said isn't  
And that's the way it was but  
The more time you spend in my shotgun seat  
The more you start talking just like me  
You little ten with a touch of twang  
Damn, babe

Now you're speaking my language  
You're saying baby and it sounds a little dangerous  
From your little y'all drawl to the way you're swaying to the country  
Sipping Jack Honey on ice  
It's what I like  
And I'm getting impatient  
I wanna leave, change up the situation  
Get closer with you whispering my name  
And fall a little more in love tonight  
It's just right how you're speaking my language  
Yeah  
Now you're speaking my language, yeah

When you move your lips it's hard to focus  
On where we thought the night was going  
Said we'd stay until the bar was closing  
But if it was up to me you know that  
I'd take you out to the county line  
Park it up between the pines  
Listen to you all night

Speaking my language  
You're saying baby and it sounds a little dangerous  
From your little y'all drawl to the way you're swaying to the country  
Sipping Jack Honey on ice  
It's what I like  
And I'm getting impatient  
I wanna leave, change up the situation  
Get closer with you whispering my name  
And fall a little more in love tonight  
It's just right how you're speaking my language  
Yeah  
Now you're speaking my language, yeah

Hits me like a shot of clear  
It's music to my ears  
I just wanna hear you speaking my language  
You're saying baby and it sounds a little dangerous  
From your little y'all drawl to the way you're swaying to the country  
Sipping Jack Honey on ice  
It's what I like

And I'm getting impatient  
I wanna leave, change up the situation  
Get closer with you whispering my name  
And fall a little more in love tonight  
It's just right how you're speaking my language  
Oh, woah, yeah

Now you're speaking my language, yeah  
Now you're speaking my language
