37s hummin' on a no name road
Got the windows cracked blowing back that homegrown smoke
Twin turbos talking over Alice in Chains
Got a fresh coat of mud on the jet black paint
Take that EFI
Turn it up to 5
Make a country boy get high

On 600 horses gonna let em run
Got the hammer on the metal like a loaded gun
They'll hear me coming from a mile away
In the Duramax Chevrolet
Gonna ride until it lights up the fuel light
Up in my 4 by 4 door 3/4 ton Z71

It ain't John Deere green it ain't IH red
But it'll walk the dog on pulling sled
100,000 miles
Barely broken in
Burnin' rubber tryna chase the wind

With all them 600 horses gonna let em run
Got the hammer on the metal like a loaded gun
They'll hear me coming from a mile away
In the Duramax Chevrolet
Gonna ride until it lights up the fuel light
Up in my 4 by 4 door 3/4 ton Z71
