The Forsaken

Sear Bliss

...in the coldest chamber
Of my mind
A place
Which never saw
The beams of light
Never felt the touch of sun

I am aware what dwells within
I faced the impossible
Thus an eidolon I became
Transfixed with the blade of immortality

I am inaccessible
Roaming upon aeons
Holding the secrets of ages
And the ageless wisdom of eternity

I take a look at the past All I feel is bitterness Emptiness surrounding me Is this grand destiny?
