

A Beautiful Mess

Search The City

I've been watching you
Hide away from prying eyes
You said out with the old
And in with the new

We've yet to see
The best from you
So go ahead and prove them wrong
For all time to play along

What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!
What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!

These tracks along her arms
Tell the story of where she's been
Just around the corner
Underneath the stairs
Hides a child who's crying for answers

What a beautiful mess
In a crimson satin dress
She knows there must be more
Than what she's been living for

(What do you see?)
What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!
What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!

They'll see you losing hope when you run away
You're running away
Everything you think you know is not your fate
This is not your fate

What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!
What do you see?
Oh you're such a pretty face
Don't let your pride go to waste!

Oh, you're such a pretty face
Oh, such a pretty face
What a beautiful mess
A beautiful mess
