

## Backbone Slip

## Seasick Steve

I got a backbone  
It's made to rock  
But I wanna know, what your backbone for  
You move like a statue, like a wooden statue  
You move like a statue on the dance floor

Mercy Mercy Mercy  
Mercy Mercy Mercy

Let me give you a tip  
You've got to loosen your hip  
Make like a snake is crawling on your backbone  
Shimmy on down, you got to shimmy on down  
Bend your knees 'til they almost touch the ground

Do  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get on  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get

Do  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get on  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get

I know something and its name is soul  
It start on the inside and then you start to roll  
You got to get that rhythm, you got to feel that beat and then it gonna move  
from your head to your feet

Do  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get on  
The backbone slip  
The backbone slip  
The backbone slip  
Yeah you got to get

[illegible]

Do the backbone slip  
Do the backbone slip  
Do the backbone slip  
Do the backbone slip
