

Carni Days

Seasick Steve

Early in the morning, there's dew on the grass
Get the ropes with tents, gonna work your ass
Set up the bumper car place, my boys
Turn on the cotton candy, line up the toys, y'all

When you're done with the house of mirrors, work on the train
That broken in Carterville, man, it was a pain
Take the horse trailers around the back
We openin' soon, boy, that's a fact
It's a Carni day

Maybe today you'll meet a pretty girl
As she give you the look, you can give her the world
Give her free tickets on a Ferris wheel
Behind an old Airstream, tryna make it real

Carni days
Carni days
Carni days

Gotta back up everything, gon' get outta town
Heard the police is nosin' around
There' always good huntin' at the carnival
Cause we ain't exactly quiet boys and that ain't all

Carni days
Carni days
Carni days
Carni days

300 miles to drive today
Gonna set up in Missoula till we get paid
Don't know much longer I'll be hangin' around
But for right now sing the carnival song

Carni days
Carni days
Carni days
Carni days

Early in the morning, there's dew on the grass
Early in the morning, there's dew on the grass
Early in the morning, there's dew on the grass
