

# Cryin' Out Loud

Seasick Steve

Well well well  
What I'm talking about  
Well well well  
Make me wanna shout

I said people, what you doing?  
I said people, this ain't grooving  
People, where you going?  
I said people, nobody knowing

There's a world that's cryin' out loud

I got no answers  
I ain't trying to preach  
But it is my business  
And I'm trying to reach

Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud

I got no answers  
I ain't trying to preach  
But it is my business  
And I'm trying to reach

Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud

Everybody says  
Ooh it's not my business  
Everybody says  
It's not my problem  
Everybody says  
It's not my business  
Everybody says  
It's not my problem  
Everybody says  
Not my business  
Everybody says  
It's not my problem  
Yeah

Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud  
Yeah the world that's cryin' out loud...
