

Dark

Seasick Steve

I like the dark
It is my friend
There at beginnin's
Be there at the end

I like my own
Company
That way it's easier
At least for me

Oh Lord
Oh Lord
Oh Lord
Oh Lord

I travel light
I'm real good
A learnin' so worthy
Yeah I understood
Yes I understood
Yes I understood
Yes I understood

There'll be no trace
When I leave
The lines on my face
A map, easy to read

Oh Lord
Oh Lord

The road I take
Is made for one
I don't regret
All the thing I done

All the thing I done
All the thing I done
All the thing I done
All the thing I done

I like the dark
