

# Down de Road

Seasick Steve

Whoa I was walkin'  
Out nowhere late  
Up come a policeman  
What he had to say, say say say say say say  
What you doin' here boy?  
Believe it's time to go  
I said I couldn't agree more  
I'll be headed down, down down down down down down

I'll be headed down the road  
Just as fast as my feet can go  
I'll be headed down the road  
Just as fast as my feet can go

Hang on a minute my son  
Have you got some ID?

What, who, me, me me me me me me me  
Got to make sure  
You ain't wanted for  
I said man I ain't never done nothin'  
I'll be headed down, down down down down down down down

I'll be headed down the road  
Just as fast as my feet can go  
I'll be headed down the road  
Just as fast as my feet can go

I'll be headed down the road  
Just as fast as my feet can go  
I'll be headed down the road  
Just as fast as my feet can go

So I head up north  
To old Frisco  
Thought I had me a better time  
Little did I know, know know know know know know  
Up come a policeman  
Said I'm lookin' for you  
I turned around, I tailed it  
What else could I do, do do do do do do do

I'll be headed down the road  
Just as fast as my feet can go  
I'll be headed down the road  
Just as fast as my feet can go

I'll be headed down the road  
Just as fast as my feet can go  
I'll be headed down the road  
Just as fast as my feet can go

Just down the road boy  
Just down the road boy  
Just down the road boy  
Just down the road boy

Just down the road boy  
Just down the road boy  
Just down the road boy  
Just down the road boy

Man just get yourself down the road son
