

Grass Is Greener

Seasick Steve

Tell me where the dream goin' to
Well I hope it's goin' straight on through
Well I don't really mind, in fact, I don't even care
Where that dream goin' to

I got a bad case, you see
Of the grass is always greener for me
Yeah, just around the bend, yeah just o'er that hill
The grass is always greener for me

Long as I'm movin', well, I'm alright
Stand too long, well, I'll get that stayin' fright
Just can't seem to catch my breath, just need more fresh air
Good ol' breeze

For those of you who know what I'm talkin' 'bout
I'll see you down the road 'bout that head, no doubt
We can tell some stories, that nobody else believe
